October 10, 2018

Board of Directors  
CATC/The Bus  
1715 East 4<sup>th</sup> Street  
Casper, WY 82601

Letter to the Editor Casper Star Tribune  
170 Star Lane  
Casper, WY 82604

Editor:

CATC/The Bus has received Optional One Cent Tax funding for the past 19 years. Those pennies add up. Our community's transit system offers a way to travel to and from a job, to the doctor for a medical appointment, to shop or go out for a meal, or just to get out of the house to visit friends. The systems distinctive buses serve Casper, Mills, Evansville, Bar Nunn and portions of Natrona County.

Our riders are as diverse as the communities we serve. They are those who can no longer drive or choose not to drive, as well as those who are limited in transit options because of the need for a wheelchair. We serve those who can't afford to own a car to get to work and students who attend college classes. The One Cent helps us keep transit options affordable for anyone who needs to get from here to there. Each year, we're proud that the buses the One Cent helps to pay for provide more than two million rides to those who needed transportation.

The One Cent has helped CATC/The Bus grow and change to keep up with the changes in community demand. We've used One Cent funding to expand The Bus service by adding Saturdays, revamp the bus routes and extend hours so that bus service is available 6:30 a.m. to 6:30 p.m. during the week and 7:30 a.m. to 3:00 p.m. on Saturday.

CATC/The Bus depends on One Cent funding to continue its current levels of service and to work toward needed expansions of hours and routes. Please join us in supporting Optional One Cent #16 on November 6.

Sincerely,

A handwritten signature in black ink, appearing to read 'Louis Grunewald', written in a cursive style.

Louis Grunewald, President  
CATC/The Bus

## 1. Mission

Please state the agency's mission/vision: We strive to keep Natrona County Senior Citizens in their own homes as long and comfortable as possible, by providing socialization, nutrition and in-home services

## 2. Financial Information

Please attach a one (1) page summary of the revenue and expenses for this event. **Please include the amount you were allocated from One Cent funding or General Fund Agency funding.**

## 3. Program significance

- a. We focus on at-risk individuals aged 60 and over that reside within Natrona County
- b. We did a capital project. The comfortability of our building maintaining a consistent temperature is a must to have our clients return day after day.
- c. We have a decreasing trend in clients. We are not being able to get the younger senior citizens into the center to replace the older generation that are passing away or are no longer able to attend due to health or disability.

## 4. Results

- a. This is a capital campaign, so we don't have many results to report until the project is completed.

## 5. Program Results/Impacts (use bullets)

- a. None to report at this time

## 6. Results Analysis

- a. Still in the upgrade process. No results to report as of yet.

## 7. Attendance and Participation

150 clients walk through our doors every day. We feed about 125 of those and the rest participate in activities that we offer.

In order to gauge the impact that your event has had on the community, it is important that we know how many people use your program. **Please fill out the information in the box on the opposite side of this page.** If you intend to use a counting method that is not listed, then please contact Fleur Tremel in the City Manager's Office (235-8224) to inquire about pre-approval.

## Attendance and Participation

Please fill in the section below as instructed on the opposite side of this page.

*I can accurately count the number of people who use our program because:*

- We sold tickets
- We took a turnstile count or counted people as they came in
- We conducted an organized head count
- All participants were registered
- We used sign-in sheets
- We used another method that was pre-approved by the City Manager's Office

## 1. Mission

- The mission of CWSS is to keep seniors age 60 and over home and independent for as long as possible, as comfortable as possible. Our core values are to help those seniors that feel they have nowhere else to turn for help. We can be that help.

## 2. Financial Information

- See attached P&L

## 3. Program Significance

- We serve Natrona County Seniors aged 60 and over.
- We provide a nutritious, hot meal to those seniors for only a suggested donation of \$5.00. We will not turn anyone, over 60, away for lack of ability to pay.
- The trends we are still experiencing are that our numbers are decreasing as the older population are passing away, moving to assisted living or skilled nursing facilities and the Boomers are still working and not replacing our seniors.

## 4. Results

- From April 1, 2018 to May 27, 2018 we have served 1100 seniors and 8500 meals were produced out of our kitchen. That is 1100 seniors that had a nutritious meal.
- We record these numbers by using a Wyoming State Database and sign in computer with registration paperwork.

## 5. Program Results/Impacts

- 8500 meals to 1100 seniors over the age of 60.
- They receive a hot, nutritious meal at a suggested donation.
- Past numbers have shown a decline in Senior Citizen meals. This is due to seniors passing away, being institutionalized and Boomers not replacing the older generation.

## 6. Results Analysis

- We have made some changes to our menu's that appeal to the Boomer population.
- We are planning a small remodel in the next year or two that will possibly appeal more to the 60 plus population.

## 7. Attendance and Participation

- We have more than 3000 seniors and people belonging to service clubs or that just volunteer walk through our doors every year. We serve between 40,000 and 50,000 meals a year to seniors over 60.

<b>Reports are due the last day of the quarter</b>			

### 1. Mission

Please state the agency's mission/vision:

Our mission is to assist individuals ages 60 and older in Natrona County by providing or accessing community services and resources to maintain their dignity and independence using qualified and trained staff and volunteers; to help them meet their nutritional, social, education, emotional, financial, and recreational needs.

Central Wyoming Senior Services was established in 1975 to provide nutritious meals, companionship and activities for the senior citizens of Natrona County. Services were expanded to include: WyHS (Wyoming in Home Services), FCP (Family Care Program) which offer in home services for those who need help with homemaking, personal care, and respite care for loved ones.

### 2. Financial Information

Please attach a one (1) page summary of the revenue and expenses for this event. **Please include the amount you were allocated from One Cent funding or General Fund Agency funding.**

Please see the attached Profit & Loss Statement for the quarter ended September 30, 2018

### 3. Program significance

- a. Using bullets describe the individuals who are the focus of your work and are influenced by your activities.
  - Our target population is at risk individuals who are 60 years of age and over, residing within Natrona County.
- b. What impact did the program have on the specified target population and community?
  - We provide a nutritious, hot meal to those seniors for only a suggested donation of \$5.00. They contribute whatever they can afford. No one, over 60, is turned away for lack of ability to pay.

- c. Have there been significant trends over the past months regarding your target population?
  - Current trends we are experiencing have to do with a declining population due to deaths, individuals moving to assisted living housing facilities, skilled nursing facilities, or moving to another location to be closer to their children. We are focusing recruitment on a younger demographic to replace these individuals. We are modifying our approach to programming options to attract this age group.

## 4. Results

- a. Please describe the outcomes/outputs
  - CWSS served 9,105 meals to our target population in our congregate setting during this reporting period.
  - During this quarter, our kitchen produced 10,320 hot, nutritious meals to all participants.
- b. Please describe the method of measurement
  - Nutrition services for individuals and activities/programs are tracked using the “My Senior Center” program as well as the State-supported database, SAMS (Senior Assistance Management Services) program. Participants scan in to the meal and/or activities offered within the Center. Staff remain present to assure that scanning occurs so that our numbers are properly represented.
- c. Please describe the performance results
  - It is our goal to keep our population of focus living in their homes, independently, for as long as possible.
  -

## 5. Program Results/Impacts (use bullets)

- a. Explain how much (quantity) service the program delivered
  - 9,105 meals were served to our target population during this period of time. Meals have the caloric intake of in excess of one-third of the adult suggested daily requirement. It has been reported by some participants that this is the only full meal that they eat each day.
- b. How well (quality) the services were delivered. For example, describe how individuals were better because of the service the program delivered.
  - Our kitchen produced a total of 10,320 meals during this quarter.
  - 9,105 AoA qualified individuals received a hot, well-balanced meal.
- c. What does your analysis of the past year's data tell you about what is happening to the impacted target population?
  - Our population has declined over the past year. We believe that is due in part to clients moving to residential facilities such as assisted living, skilled nursing facilities, or having moved away to be closer to their children.

## 6. Results Analysis

- a. How could the program have worked better?
  - We have made modifications to our serving menus, adding second choices to the menu and a salad bar on Friday. This has added to our daily serving count on the days these options are offered. However, due to budget constraints it is not economically feasible to offer second choices and salad bar selections each day.
- b. How will you address this?
  - More outreach is needed to build awareness of activities, programs and services available.
  - We have been attending more meetings to discuss programs, services, and nutrition program.

- We have expanded our Newsletter circulation. It is posted on our website, and provided via email if requested.
- We have instituted more online marketing strategies: Facebook, website, etc.

## 7. Attendance and Participation

In order to gauge the impact that your event has had on the community, it is important that we know how many people use your program. **Please fill out the information in the box on the opposite side of this page.** If you intend to use a counting method that is not listed, then please contact Fleur Tremel in the City Manager's Office (235-8224) to inquire about pre-approval.

- We have more than 3,000 seniors and people belonging to service clubs, and organizations and/or those who volunteer, that pass through our doors every year. We serve between 40,000 and 50,000 meals each year to seniors over 60 years of age.
- Participants scan into the "My Senior Center" program for activities and meals. Staff is available to assure all participants complete the process, providing accuracy to our numbers.
- Activities are tracked using our "My Senior Center" program application and the State-supported database, Senior Assistance Management Services (SAMS) computer program. This information is reported to the State funding partners on a monthly, quarterly and annual basis.

## Attendance and Participation

Please fill in the section below as instructed on the opposite side of this page.

*I can accurately count the number of people who use our program because:*

- We sold tickets
- We took a turnstile count or counted people as they came in
- We conducted an organized head count
- All participants were registered
- We used sign-in sheets
- We used another method that was pre-approved by the City Manager's Office

10/15/18

City Council:

I am writing in regard to the Council's debate on Sunday alcohol sale. I agree with Chris Walsh and Chief McPheeters. I strongly oppose the time change for the sale of alcohol on Sundays. Those that have worked in law enforcement know that alcohol raises the crime rate. I want to keep Casper a safe city.

Sincerely,

*Jo Smith*  
Jo Smith

# FY 2018 Specific Entity and One Cent Quarterly Report

Please file this form at the conclusion of the quarter. Failure to complete and send in this form could result in a denial of payment for any current or future funding.

Organization: <u>The Arc of Natrona County</u>	Program/ Event: <u>Operating Expenses</u>		
Contact Person: <u>Bethany Young</u>	Phone Number: <u>307-577-4913</u>	Date: <u>9/25/18</u>	
Please Select One: (FY19)			
1 <sup>st</sup> Quarter <u>X</u>	2 <sup>nd</sup> Quarter _____	3 <sup>rd</sup> Quarter _____	4 <sup>th</sup> Quarter _____

## 1. Mission

Please state the agency's mission/vision: The Arc of Natrona County is committed to securing for all individuals with cognitive, intellectual and developmental disabilities the opportunity to realize their goals of where and how they learn, live, work and play.

The Arc of Natrona County is further committed to reducing the incidence and limiting the consequence of intellectual, and developmental disabilities through education, research, advocacy and the support of families, friends and community.

Through the successful pursuit of equality and justice, The Arc of Natrona County will provide leadership in the field of cognitive, intellectual, and developmental disabilities, and develop necessary human and financial resources to attain its goals.

## 2. Financial Information

Profit and loss statement attached.

## 3. Program significance

- a. Our program serves:
  - Individuals with cognitive, intellectual and developmental disabilities and their families
  - Ages: birth-death
  - All races and genders
- b. Because of our services:
  - Parents/guardians can work outside of the home
  - Families get relief care
  - Our participants are able to work on different skill sets with our providers
  - Our participants are able to volunteer and get involved in our community
  - Our participants are able to be involved in services with their peers
- c. Significant trends:
  - There is always a need for services, typically more than participants are even able to receive due to staffing, funding, etc.

## 4. Results

- Case Management- Case Management helps assist with the application process of the waiver and is the coordination of services for individuals with special needs and their families. Case Management is the one service that is required for participants to have.
  - Provided 21 different home visits from June 2018- August 2018; to 7 different individuals.
- Respite Care- Relief care for families. On-site care at The Arc, after hour care, in the participant's residence, provider's residence and within the community; while parents are not working.
  - Provided 1,305.5 billable hours
- Companion- 1 on 1 service for families either for relief or while working; includes an informal training goal. Only for individuals 18 years and older.
  - Provided 279.75 billable hours
- Child Habilitation- Care while parents/guardians are working; includes a formal training goal. For individuals 0- 17 years of age.
  - Provided 1,867.25 billable hours
- Personal Care- 1 on 1 service for families either for relief or while working; provided only in the participant's home for individuals with more intensive care needs.
  - Provided 1,087.25 billable hours
- Adult Day Services- Adult services for anyone 21 years and older; provided during the day at our Day Site or in the community; includes informal training goals.
  - Provided 2,405.5 billable hours

## 5. Program Results/Impacts (use bullets)

- a. Explain how much (quantity) service the program delivered
  - See above quantities of services provided per service
- b. How well (quality) the services were delivered. For example, describe how individuals were better because of the service the program delivered.
  - Our services provided families the opportunity to work and have relief
  - Our services provided our participants community opportunities that they don't always have at home; such as volunteering and community outings for recreational purposes, exercise opportunities, art programs, cooking classes, employment services, etc. All of these outings help increase our participant's independence and help teach new skills.
  - Our services encourage and support our participants to build meaningful relationships with their peers
- c. What does your analysis of the past year's data tell you about what is happening to the impacted target population?
  - Data from our billing helps show all the families we served and all the hours that services were provided because of our care
  - Data from our billing shows how our training goals are helping our participants to grow in those individually based skills; showing a growth in independence and socialization with their peers
  - Data from the past year is showing the areas we are seeing growth in our program; Adult Day services specifically.

## 6. Results Analysis

- a. How could the program have worked better?
  - If we had more staff to provide outside respite shifts we could have provided more care to individuals
  - Our Adult program keeps growing and it has been hard to keep up with staffing
- b. How will you address this?

- The Arc will continue to offer outside shifts to current providers but typically regularly scheduled shifts are the only ones they can fill. We will continue to try hiring providers for outside services but since the hours are not regular or guaranteed it is always hard to find a solution for this problem.
- We will continue to post job listings to hire for our full time adult program and hope we can find 2 more employees that will stick around long term.

## 7. Attendance and Participation

In order to gauge the impact that your event has had on the community, it is important that we know how many people use your program. **Please fill out the information in the box on the opposite side of this page.** If you intend to use a counting method that is not listed, then please contact Fleur Tremel in the City Manager's Office (235-8224) to inquire about pre-approval.

## Attendance and Participation

Please fill in the section below as instructed on the opposite side of this page.

*I can accurately count the number of people who use our program because:*

- We sold tickets
- We took a turnstile count or counted people as they came in
- We conducted an organized head count
- All participants were registered
- We used sign-in sheets
- We used another method that was pre-approved by the City Manager's Office*

During June 2018- August 2018 we provided services to a total of 45 participants, some who received more than one service through us during that time. We use billing sheets (similar to a sign-in sheet) that we document date and times of service, also including everything they did while in The Arc's care.

## Wyoming 2-1-1 Puts Help in the Palm of Your Hand

We recently had the pleasure of sitting down with Wyoming 2-1-1 Executive Director Sabrina Lane to talk about how the service can best reach and aid at-risk Wyoming residents. Over the coming weeks here in Word From WAM, we'll be highlighting some of the critical intervention and hand up resources 2-1-1 can get people connected to in their own communities. Then, at WAM Winter Conference, Lane and her staff will be on hand to answer your questions on how 2-1-1 can help you build a stronger community.

Wyoming 

## Get Connected. Get Answers.

**From:** Rick Kaysen [mailto:rkaysen@wyomuni.org]  
**Sent:** Friday, October 26, 2018 7:48 AM  
**Subject:** Cigarette Tax

Good Wyoming morning—

Allow me to share the status on the subject topic, and admit some embarrassment and an apology.

First, the embarrassment==I misread the bill even though it references a reduction in percentages. What the bill does is consolidates two separate tax components on cigarettes into one, and actually results in an increase of revenue for local governments in an annual amount that approximates \$100,000=a slight increase for 99 municipalities and 23 counties. Also, of interest, the revenue for cigarette taxes continues to decline based on overall sales. My apology for raising the ire of many and having you go through some needless research.

Second, the status==the Joint Appropriations Committee unanimously approved the bill at its meeting on 10/24. I did comment that WAM supports the bill as presented recognizing that it was not a loss of revenue and an increase. There is no suggested change to the distribution formula.

So, some good news and my apology again.

*"Communities that don't matter, don't exist."*

# FY 2018 Specific Entity and One Cent Quarterly Report

*Please file this form at the conclusion of the quarter. Failure to complete and send in this form could result in a denial of payment for any current or future funding.*

Organization: Wyoming Food Bank of the Rockies Program/ Event: Fighting Hunger Feeding Hope

Contact Person: Shanna Harris Phone Number: 307-232-4014 Date: 09-25-2018

Please Select One:

I<sup>st</sup> Quarter  2<sup>nd</sup> Quarter  3<sup>rd</sup> Quarter  4<sup>th</sup> Quarter

## 1. Mission

Please state the agency's mission/vision:

**We help families thrive by efficiently procuring and distributing food and essentials to the hungry through our programs and partner agencies.**

**Our vision is to make food security a reality for every Wyoming family.**

## 2. Financial Information

Attached

## 3. Program significance

a. Using bullets describe the individuals who are the focus of your work and are influenced by your activities.

- **Hunger and food insecurity have increased significantly in the past year, now affecting more than 1 in 8 Wyoming residents.**
- **In Natrona County, the food insecurity rate is 12.4 percent, a figure equaling nearly 9,600 Natrona County residents.**

**A brief snapshot of those we serve from our most recent Hunger in America study (Feeding America, 2014):**

- **Children make up nearly half of the clients served through WYFBR.**
- **14 percent of clients are seniors, age 60+.**
- **37 percent of households had a member working for pay in the last four weeks, 63 percent had a person working for pay in the last 12 months.**
- **19 percent are grandparents who have responsibility for grandchildren who live with them.**
- **21 percent have a household member who has served or is serving in the US military.**

- b. What impact did the program have on the specified target population and community?

**With the assistance of these funds, WYFBR has helped ensure that Casper families struggling to make ends meet do not have to choose between food and housing.**

- c. Have there been significant trends over the past months regarding your target population?

**Casper families may be budgeting for food based on cost, not nutrition. Fresh fruits and vegetables are often crossed off grocery lists, as produce can be more expensive than processed foods typically higher in fat, sugar, and sodium. For many, it is not a question about knowing what healthy foods to choose but rather about not being able to afford or having access to healthier options.**

## 4. Results

- a. Please describe the outcomes/outputs

**Fighting Hunger Feeding Hope is WYFBR's main distribution program. With the assistance of this grant, WYFBR sourced and distributed 9,136,518 meals from May 2014 through September 25, 2018 in Casper. WYFBR has distributed 41,128,538 pounds (31,167,720 meals or 19,383 meals per day) program wide during the entire grant period.**

- b. Please describe the method of measurement

**WYFBR evaluates progress towards meeting our strategic goals with monthly reviews of our total pounds of food distributed, meals provided through programs, partner agencies, and organizational performance to budget.**

- c. Please describe the performance results

**Monitoring pounds distributed allows WYFBR to see where and what food is being distributed and allows us to adjust services accordingly.**

## 5. Program Results/Impacts (use bullets)

- a. Explain how much (quantity) service the program delivered

- **The distribution 5,682 meals daily for 4 year and 4 months, from May 2014 – September 25, 2018, allowed for nutritious food to be served to Casper area families in need. Food was distributed through 29 Casper agencies.**

- b. How well (quality) the services were delivered. For example, describe how individuals were better because of the service the program delivered.

- **WFBR utilizes programs such as Totes for Hope, Grocery Rescue, and Partner agencies to distribute food. By increasing the amount of food we distributed to Casper residents, Casper families have been able to prosper. Having access to nutritious food will aid in their improved health. When children have access to healthy, nourishing food, they are ready to learn, grow, and succeed in school.**

- c. What does your analysis of the past year's data tell you about what is happening to the impacted target population?

- Wyoming is one of four US states that are in recession according to data tracked by Moody's Analytics, with Wyoming's economy declining steadily over the past ten months (Denver Post, 02/22/16). Although energy prices are slowly starting to rise, recent economic forecasts show Wyoming's economy has not begun to grow again. WYFBR is anticipating increased growth in distribution as our state's economy continues to recover.

## 6. Results Analysis

- a. How could the program have worked better?

**The greatest challenge is ensuring that demand does not outpace food resources and undermine our mission. Rising food and freight costs remained a challenge during the grant period.**

- b. How will you address this?

**WYFBR's goal as an organization has always been to assist those in need of hunger-relief with food and essentials. We have accomplished this through close collaboration with our partner agencies, and support throughout the corporate and philanthropic community. We are extremely committed to meeting increased demand without passing on increased cost to our partners who can least afford it.**

## 7. Attendance and Participation

In order to gauge the impact that your event has had on the community, it is important that we know how many people use your program. **Please fill out the information in the box on the opposite side of this page.** If you intend to use a counting method that is not listed, then please contact Fleur Tremel in the City Manager's Office (235-8224) to inquire about pre-approval.

## Attendance and Participation

Please fill in the section below as instructed on the opposite side of this page.

*I can accurately count the number of people who use our program because:*

- We sold tickets
- We took a turnstile count or counted people as they came in
- We conducted an organized head count
- All participants were registered
- We used sign-in sheets
- We used another method that was pre-approved by the City Manager's Office

**This grant was used to purchase food for distribution to those in need of assistance throughout Casper. Funding from this grant has provided over 496,467 meals to Casper residents in need from July 1, 2018- through September 25, 2018, 29,808,676 total meals during the grant reporting period May 1, 2014 – September 25, 2018, 19,383 Meals per day.**

WYFBR does not require partner food pantries and programs to track demographic information currently. WYFBR and its partner agencies provide food on a self-declaration of need. It is a very humbling experience to stand in line at a food pantry or mobile pantry, waiting to fill the bags in your hand. We want to provide assistance to all who need it and not allow feelings of shame that can be caused by tracking individuals to hinder someone from using our services.

# FY 2019 Specific Entity and One Cent Quarterly Report

Please file this form at the conclusion of the quarter. Failure to complete and send in this form could result in a denial of payment for any current or future funding.

Organization: <u>Wyoming Medical Center Foundation</u> Program/ Event: <u>Masterson Place</u>
Contact Person: <u>Caryn Dowell</u> Phone Number: <u>(307) 577-2403</u> Date: <u>9/28/18</u>
Please Select One:
1 <sup>st</sup> Quarter <u>  X  </u> 2 <sup>nd</sup> Quarter <u>      </u> 3 <sup>rd</sup> Quarter <u>      </u> 4 <sup>th</sup> Quarter <u>      </u>

## 1. Mission

Please state the agency's mission/vision:

## 2. Financial Information

Please attach a one (1) page summary of the revenue and expenses for this event. **Please include the amount you were allocated from One Cent funding or General Fund Agency funding.**

## 3. Program significance

- Using bullets describe the individuals who are the focus of your work and are influenced by your activities.
- What impact did the program have on the specified target population and community?
- Have there been significant trends over the past months regarding your target population?

## 4. Results

- Please describe the outcomes/outputs
- Please describe the method of measurement
- Please describe the performance results

## 5. Program Results/Impacts (use bullets)

- Explain how much (quantity) service the program delivered
- How well (quality) the services were delivered. For example, describe how individuals were better because of the service the program delivered.
- What does your analysis of the past year's data tell you about what is happening to the impacted target population?

## 6. Results Analysis

- How could the program have worked better?
- How will you address this?

## 7. Attendance and Participation

In order to gauge the impact that your event has had on the community, it is important that we know how many people use your program. **Please fill out the information in the box on the opposite side of this page.** If you intend to use a counting method that is not listed, then please contact Fleur Tremel in the City Manager's Office (235-8224) to inquire about pre-approval.

## Attendance and Participation

Please fill in the section below as instructed on the opposite side of this page.

*I can accurately count the number of people who use our program because:*

- We sold tickets
- We took a turnstile count or counted people as they came in
- We conducted an organized head count
- All participants were registered
- We used sign-in sheets
- We used another method that was pre-approved by the City Manager's Office

FY 2019 One Cent Quarterly Report  
September 28, 2018

Wyoming Medical Center Foundation

**1. Mission Statement:** The Wyoming Medical Center Foundation enhances excellence in healthcare delivery at Wyoming Medical Center by securing private philanthropic resources, cultivating enduring relationships, and delivering superior donor stewardship.

**Our Vision:** The Wyoming Medical Center Foundation aspires to be the premier strategic partner with Wyoming Medical Center in its pursuit as the leader in safety and service. In doing so WMCF will:

- Support patient care through enhanced wrap-around community resources
- Support the WMC through assistance with infrastructure, technology and equipment needs
- Create a culture of giving that is employee driven

**2. Financial Information**

Please see the attached chart that summarizes the revenue and expenses for our Masterson Place Project. For this quarter (May 1, 2018 through July 31, 2018) we have received \$874,461 in restricted contributions. Of that, \$857,652 was collected in FY 2018, with the other \$16,809 received in July of the new fiscal year (FY 2019). The fund balance that is listed for the beginning of the year (\$1,855,126) includes the City of Casper One Cent Funds, pledged in 2016 in the amount of \$796,517. The One Cent funds have not been used yet although construction began on the new Masterson Place building with our groundbreaking on July 9, 2018.

Our Foundation selected Haass Construction Company to build Masterson Place. They are currently on schedule. We expect completion of the project in June 2019.

The bottom portion of the chart also lists expenses totaling \$591,680 that have been paid from other funds for the plans of the new building.
