ASSURANCES OF COMPLIANCE WITH CIVIL RIGHTS REQUIREMENTS

ASSURANCES OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

As a condition of receipt of federal financial assistance from the Department of the Treasury, the recipient named below (hereinafter referred to as the "Recipient") provides the assurances stated herein. The federal financial assistance may include federal grants, loans and contracts to provide assistance to the Recipient's beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass contracts of guarantee or insurance, regulated programs, licenses, procurement contracts by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Recipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Recipient's program(s) and activity(ies), so long as any portion of the Recipient's program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Recipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.
2. Recipient acknowledges that Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency," seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, have Limited English proficiency (LEP). Recipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury's implementing regulations. Accordingly, Recipient shall initiate reasonable steps, or comply with the Department of the Treasury's directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Recipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Recipient's programs, services, and activities.
3. Recipient agrees to consider the need for language services for LEP persons when Recipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.

OMB Approved No. 1505-0271

Expiration Date: November 30, 2021

4. Recipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Recipient and Recipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Recipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every contract or agreement subject to Title VI and its regulations between the Recipient and the Recipient's sub-grantees, contractors, subcontractors, successors, transferees, and assignees:

The sub-grantee, contractor, subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this contract or agreement.

6. Recipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Recipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Recipient for the period during which it retains ownership or possession of the property.
7. Recipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Recipient shall comply with information requests, on-site compliance reviews and reporting requirements.
8. Recipient shall maintain a complaint log and inform the Department of the Treasury of any complaints of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome. Recipient also must inform the Department of the Treasury if Recipient has received no complaints under Title VI.
9. Recipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other

OMB Approved No. 1505-0271
Expiration Date: November 30, 2021

agreements between the Recipient and the administrative agency that made the finding. If the Recipient settles a case or matter alleging such discrimination, the Recipient must provide documentation of the settlement. If Recipient has not been the subject of any court or administrative agency finding of discrimination, please so state.

10. If the Recipient makes sub-awards to other agencies or other entities, the Recipient is responsible for ensuring that sub-recipients also comply with Title VI and other applicable authorities covered in this document State agencies that make sub-awards must have in place standard grant assurances and review procedures to demonstrate that that they are effectively monitoring the civil rights compliance of sub-recipients.

The United States of America has the right to seek judicial enforcement of the terms of this assurances document and nothing in this document alters or limits the federal enforcement measures that the United States may take in order to address violations of this document or applicable federal law.

Under penalty of perjury, the undersigned official(s) certifies that official(s) has read and understood the Recipient's obligations as herein described, that any information submitted in conjunction with this assurances document is accurate and complete, and that the Recipient is in compliance with the aforementioned nondiscrimination requirements.

Summer is soon upon us. Which also means construction. How can someone find out what areas will have construction projects in progress?

Have you checked out GeoSMART before? It is a great tool that actually provides a lot of information. Property information, floodplain data, garbage & recycling depots, parks, trails and recreation info, in addition to travel and transportation with road closure info. Here is the link to the homepage:

[GeoSMART Homepage](#)

But, I digress – construction.

1. GeoSMART does have a road construction layer that will show long-term closures (more than one week). Our Engineering office enters the City organization closures and other closures from traffic control permits. WYDOT's projects are streamed into our GeoSMART system when they enter them. Again, this covers projects that are long-term. Here is the link to the GeoSMART travel and transportation page:

[GeoSMART Road closures](#)

2. Short-term closures (one week or less) will be emailed to City staff by our Engineering office. I plan to start posting this information to our Facebook page, so the public will also have this information and be able to plan accordingly.
3. The end of April we provided an explanation and map of the construction projects that will be occurring this summer in the OYD. I have included it again to help refresh your memories.

Downtown Construction Set to Begin
Parking for events will be impacted

Blinking message boards located downtown indicate the start of construction season is just around the corner. The City of Casper is reminding residents of several construction projects which may lead to detours and impact parking for visitors this summer. Between David Street Station and business events, downtown will be bustling with activity that will also temporarily close some streets.

Work on Industrial between S Spruce Street and S Elm Street is set to begin this month and will be completed at the end of August. Construction will also take place on Midwest Ave from S Elm Street to S Walnut Street and S Oak Street from W Midwest to W Yellowstone. That project is set to be completed by the end of October. Business access will be maintained during the projects and on street parking will be restricted.

The project that will probably impact visitors the most is the rebuilding of the Old Yellowstone District parking lot—the popular lot between Collins and Midwest and Ash and David. The best bet is to try to first park in the downtown parking garage, which is just one block away, as parking in the lot will be very limited and on street parking in the area may be difficult during events. The parking lot will be closed to overnight parking for the duration of the project which is set to be complete by the end of August.

The City offers the following tips for attending downtown events this summer:

- Use Collins, Second Street, or First Street to access downtown during events—this will be the best way to detour around both construction and event related closures
- Try to park in the downtown parking garage (located on S Center between Midwest and 2nd) first to avoid circling for on street parking
- Give yourself extra time to park further from the venue or business and walk

Information of road closures and restrictions can be found at www.casperwy.gov. A map of the construction area is attached.

Subject: ARP Guidance! Treasury Launches Coronavirus State and Local Fiscal Recovery Funds to Deliver \$350 Billion

Good Afternoon WAM!

The United States Treasury just provided the long-awaited guidance and released the \$350 billion in local government funding provided for in the American Rescue Plan (ARP). As mentioned in earlier correspondence, you will all receive half of your total allocation in approximately 30 days from now and the other half a year from now. This release from Treasury gives a high level breakdown of acceptable uses of the funds and gives the final calculated distribution amounts per community. Those resources can be found in links toward the bottom of the message. WAM will be reviewing these regulations, as we're seeing them for the first time as well, and doing our best to get as much clarification as we can so that we'll be able to help with any questions you may have. Please read through the enclosed information below and stay tuned for more information from WAM as it becomes available.

Warm regards,

Justin

Treasury Launches Coronavirus State and Local Fiscal Recovery Funds to Deliver \$350 Billion

*Aid to state, local, territorial, and Tribal governments will help bring back jobs,
address pandemic's economic fallout, and lay the foundation for a strong, equitable recovery*

WASHINGTON — Today, the U.S. Department of the Treasury announced the launch of the Coronavirus State and Local Fiscal Recovery Funds, established by the American Rescue Plan Act of 2021, to provide \$350 billion in emergency funding for state, local, territorial, and Tribal governments. Treasury also released details on the ways funds can be used to respond to acute pandemic-response needs, fill revenue shortfalls among state and local governments, and support the communities and populations hardest-hit by the COVID-19 crisis. Eligible state, territorial, metropolitan city, county, and Tribal governments will be able to access funding directly from the Treasury Department in the coming days to assist communities as they recover from the pandemic.

“Today is a milestone in our country’s recovery from the pandemic and its adjacent economic crisis. With this funding, communities hit hard by COVID-19 will be able to return to a semblance of normalcy; they’ll be able to rehire teachers, firefighters and other essential workers – and to help small businesses reopen safely,” said Secretary Janet L. Yellen. “There are no benefits to enduring two historic economic crises in a 13-year span, except for one: We can improve our policymaking. During the Great Recession, when cities and states were facing similar revenue shortfalls, the federal government didn’t provide enough aid to close the gap. That was an error. Insufficient relief meant that cities had to slash spending, and that austerity undermined the broader recovery. With today’s announcement, we are charting a very different – and much faster – course back to prosperity.”

While the need for services provided by state, local, territorial, and Tribal governments has increased—including setting up emergency medical facilities, standing up vaccination sites, and supporting struggling small businesses—these governments have faced significant revenue shortfalls as a result of the economic fallout from the crisis. As a result, these governments have endured unprecedented strains, forcing many to make untenable choices between laying off educators, firefighters, and other frontline workers or failing to provide services that communities rely on. Since the beginning of this crisis, state and local governments have cut over 1 million jobs.

The Coronavirus State and Local Fiscal Recovery Funds provide substantial flexibility for each jurisdiction to meet local needs—including support for households, small businesses, impacted industries, essential workers, and the communities hardest-hit by the crisis. Within the categories of eligible uses listed, recipients have broad flexibility to decide how best to use this funding to meet the needs of their communities. In addition to allowing for flexible spending up to the level of their revenue loss, recipients can use funds to:

- Support public health expenditures**, by – among other uses – funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, mental health and substance misuse treatment and certain public health and safety personnel responding to the crisis;
- Address negative economic impacts caused by the public health emergency**, including by rehiring public sector workers, providing aid to households facing food, housing or other financial insecurity, offering small business assistance, and extending support for industries hardest hit by the crisis
- Aid the communities and populations hardest hit by the crisis**, supporting an equitable recovery by addressing not only the immediate harms of the pandemic, but its exacerbation of longstanding public health, economic and educational disparities
- Provide premium pay for essential workers**, offering additional support to those who have borne and will bear the greatest health risks because of their service during the pandemic; and,
- Invest in water, sewer, and broadband infrastructure**, improving access to clean drinking water, supporting vital wastewater and stormwater infrastructure, and expanding access to broadband internet.

Insufficient federal aid and state and local austerity under similar fiscal pressures during the Great Recession and its aftermath undermined and slowed the nation’s broader recovery. The steps the Biden Administration has taken to aid state, local, territorial, and Tribal governments will create jobs and help fuel a strong recovery. And support for communities hardest-hit by this crisis can help undo racial inequities and other disparities that have held too many places back for too long.

Board Member Freel arrived at 11:33 a.m.

Mr. Martin asked the Board to reference the Balance Sheet in the monthly compilation. Mr. Martin stated that the Total Fund Balance is \$38.5 M. Mr. Martin stated that Water Utility Charges for FY2021 is \$5,836,881, which is an increase of approximately \$415,734 more than FY2020 due to the water rate increase and higher than average water sales this year.

Mr. Martin stated that Reimbursable Contract Expense is \$2,520,850, which is approximately \$10,000 less than last year. Mr. Martin stated that this due to the timing of chemical purchases, and is right about where staff expected it to be.

Chairman King asked for a motion to approve the March 2021 Financial Report as presented. A motion was made by Vice-Chairman Keffer and seconded by Secretary Waters to approve the March 2021 Financial Report as presented.

Board Member Powell asked if the Board is on track to save funds for the upcoming UV Project. Mr. Martin stated no, the Board is not on track to have the funds for the UV project, but that will be reviewed during the rate model discussion for long-term planning in the next couple of months.

8. In New Business:

- a. Mr. Martin stated that West Plains Engineering is under contract for the design of the WTP HVAC Chiller Replacement Project. Mr. Martin stated that the project consists of the full removal and replacement of the chiller, evaporative refrigerant condenser, chilled water system pumps, hot water heating system pumps, and system controls.

Mr. Martin stated that along with these parts of the system is the Building Management System (BMS), which is the main control panel that handles all the controls for the full system. Mr. Martin stated that the BMS is antiquated, and it is proposed to replace it at the same time as the HVAC system is replaced. Mr. Martin stated that this amendment is to include the design of the BMS in the amount of \$10,600. Mr. Martin stated that this will increase the total contract amount for design to \$21,550. Mr. Martin stated that this project was budgeted in the FY21 budget. Mr. Martin stated that replacement of the HVAC system will take place this fall.

Mr. Martin stated that Mr. Andrew Colling, with the City Engineering Department is in attendance today to answer any questions the Board may have on this amendment.

Motion put and carried.

- b. Mr. Martin stated that in September 2018 the Board and the Office of State Lands and Investments (OSLI) executed a Drinking Water State Revolving Fund (DWSRF) Loan Agreement in the amount of \$1.6 M for the WTP SCADA Improvements, Project No. 17-038. Mr. Martin stated that the project has been completed and at a meeting held in February the Board approved relinquishment of \$173,170.23 in remaining funds and an initial interest payment of \$27,886.64.

Mr. Martin stated that with the interest payment, OS LI awarded Principle Forgiveness in the amount of \$356,707.54 and has drafted an amended promissory note to establish a new schedule for the repayment of the principle in

the amount of \$1,070,122.23 plus interest at the rate of 2.5% per annum. Mr. Martin stated that this will put the loan into repayment with annual payments of \$68,645.27.

A motion was made by Treasurer Bertoglio and seconded by Secretary Waters to approve the Amended Promissory Note for DWSRF213 with a loan balance of \$1,070,122.23. Motion put and carried.

- c. Mr. Martin stated that at the meeting last month the Board discussed audit services for FY2021 and FY2022. Mr. Martin stated that the Board asked staff to request a proposal from Skogen, Cometto & Associates P.C. for the audits. Mr. Martin stated that the proposal from Skogen, Cometto & Associates P.C. is before the Board today for consideration.

Mr. Martin stated that the proposal is the same price as the last two years, \$30,000 per year, for a total of \$60,000 for FY2021 and FY2022. Mr. Martin stated that after the discussion last month about the costs for audits that were done for other entities by different auditing firms, he feels this is a fair deal.

A motion was made by Treasurer Bertoglio and seconded by Vice-Chairman Keffer to approve the Audit Engagement Agreement with Skogen, Cometto & Associates P.C. for Auditing Services for FY2021 and FY2022 in the amount of \$30,000 per year, with a total amount of \$60,000.

Chairman King stated that he feels this is a good choice as Skogen, Cometto & Associates P.C. knows the Board's system and has treated the Board fairly in the past.

Motion put and carried.

- d. Chairman King stated that he is the Chairman of Wyoming Community Gas and will be abstaining from the discussion on Choice Gas Selection, and turned the time over to Mr. Martin.

Mr. Martin asked the Board to reference the chart for Choice Gas on the screen. Mr. Martin stated that the blue column on the top is actual costs from 2020 with the Pass-On Rate, and the other columns are the same usage with pricing from the different natural gas suppliers. Mr. Martin stated that the last column on the bottom is the Pass-On Rate. Mr. Martin stated that the Board has been on the Pass-On Rate for several years.

Treasurer Bertoglio stated that on the natural gas bills there are supply costs, which is the Choice Gas cost, and then there are distribution costs. Treasurer Bertoglio stated that the distribution costs have to be added to the price of the various suppliers. Treasurer Bertoglio stated that the Pass-On Rate is the actual total cost. Treasurer Bertoglio stated that if you strip the supply cost out of it, the

cost drops almost in half.

Treasurer Bertoglio stated that he has tracked Choice Gas since it started, and it is getting less and less transparent to people, as they are getting less information out. Treasurer Bertoglio stated that it is difficult to find the CIG Index now. Treasurer Bertoglio stated that the adder on the CIG has 3-5¢ profit.

Treasurer Bertoglio stated that you can't go from January to December because it crosses two periods. Treasurer Bertoglio stated that the Fixed Price changes in that period, from January to May 31st, then from June to December 31st is a different price. Treasurer Bertoglio stated that a good example is that right now Black Hills Energy is quoting 37.2 for the period June 1st to May 31st and the Pass-On is 34.56. Treasurer Bertoglio stated that the Pass-On Rate very rarely exceeds this price, which is based on projections, while the others have a cushion to make money. Treasurer Bertoglio stated that with the price fight that we saw this winter there might be a slight balancing of the Fixed Rates. Treasurer Bertoglio stated that in general with the Pass-On Rate, it will typically beat the Fixed Rates by 10 – 30 %.

Board Member Knell asked what is the best way to go. Treasurer Bertoglio stated that the Pass-On Rate works the best for 99% of the people as there is no profit in it, and they have to go before the Public Utilities Commission to set their prices every three months, and they have to document where they got the gas. Treasurer Bertoglio stated that for the average user, the Pass-On Rate has saved them 20% consistently, except for one year. Treasurer Bertoglio stated that the Pass-On Rate gives the best protection from crazy pricing.

Board Member Cathey asked Treasurer Bertoglio if approximately \$20,000 of the \$42,000 that was spent last year is the distribution charge that needs to be added to the pricing of all the others. Treasurer Bertoglio stated that was correct.

Board Member Knell stated that the distribution charge is almost equal to the cost of the gas. Treasurer Bertoglio stated that was correct. Board Member Knell asked if all the rest of the suppliers then have to pay Black Hills for the distribution on top of the gas price. Treasurer Bertoglio stated that was correct.

Treasurer Bertoglio stated that if you have to pick one, Wyoming Community Gas and Black Hills Energy have the best pricing.

A motion was made by Board Member Powell and seconded by Secretary Waters to stay with the Pass-On Rate for the Choice Gas Selection for 2021. Motion put and carried.

- e. Mr. Martin stated that this month the Board will review the Preliminary Budget for FY2022, and then in June it will be brought back to the Board for approval. Mr. Martin stated that the Board reviewed the capital projects in detail last month.

Mr. Martin informed the Board they could ask questions at any time during the review of the budgets.

Mr. Martin stated that staff has made serious efforts to maintain the Operations budget at FY21 levels. Mr. Martin stated that the RWS Agency Budget is driven by new and replacement capital projects more than by operational expenditures.

Mr. Martin stated that many Operations Budget line items will be status quo, or close to the FY21 budget; however, increases will be seen in the areas of personnel, chemicals, maintenance agreements, and refuse collection.

Mr. Martin stated that an increase in the Agency Budget revenues is anticipated to come from a proposed rate increase.

Mr. Martin stated the new and replacement capital expenditures in the Agency Budget generally follow the WTP capital improvement plan and recommendations in the facilities plan completed in 2017. Mr. Martin stated that the FY22 capital budget is slightly higher than that of FY21.

- Update on expenses:
 - DDA side we will have spring/summer flowers with Galles Greenhouse as an expense. Our deal is to purchase flowers at cost and will have volunteers to help with the planting of the flowers.
 - There is a \$2,500 repair cost on our tractor, and we are looking into purchasing a scissor lift for a one-time cost

- We need to do new mulch and clean up the landscaping beds this summer. We have also lost trees and are looking into updating the landscaping.
- We plan to shift a \$500 sponsorship to DCBA for their Crazy Days event
- Ice rink chiller – still working on bids and seeing how to obtain a permanent chiller for our ice rink.
- Sponsorships for events, we’ve brought in \$94,000 in confirmed sponsorships for this summer. We are waiting on other sponsorship amounts as well and appreciate the support of our DDA board members for their contributions
- Received a \$25,000 Natrona County Recreations Joint Powers Board grant
- Tony Hagar has decided to donate \$7,000 mattress so we can figure out how to raffle it off
